Broxtowe Borough Council elections: Polling Day 5 May

April 2011

SAY 'NO' TO WIND TURBINE

The proposed site for the wind turbine at Newthorpe Sewage Works

Lydia Ball has been championing the concerns of residents over plans by Seven Trent Water to build a wind turbine on the edge of Awsworth.

Conservatives support sustainable energy but the proposed turbine is as high as Blackpool Tower making it one of the tallest in the UK and many people believe it will be an eye sore.

"I am also concerned about the noise and "flicker effect" said Lydia who has represented the village for more years than she cares to remember!

"Nottinghamshire County Council has objected on the ground of its visual impact to the area. I have already represented the views of residents to Broxtowe Borough Council who will make their decision after the May elections" Lydia said.

"I believe Awsworth needs a Borough Councillor who will be their representative and will put their views before the 'party line'."

Meanwhile, Labour appear to be supporting the proposal with the Kimberley Councillor backing the application.

YOUR PRIORITIES ARE MY PRIORITIES

- 1. I will continue to represent the concerns of residents about the proposed wind turbine. I believe it is too tall and will be an eye sore.**
- 2. I will protect our precious green belt from development and oppose our village merging with Ilkeston and Kimberley through urban sprawl.**
- 3. I believe in changing the system for council house waiting lists so local people get priority.**
- 4. I will continue to work with the police to reduce anti-social behaviour in the village.**
