Broxtowe Borough Council elections: Polling Day 5 May

April 2011

After years of neglect - let's make Beeston a great place to live and work

Beeston Square

Labour and the Lib Dems control Broxtowe Borough Council and together they have allowed Beeston to decline. Whether you are anti- or pro- tram (like Labour's Beeston Councillors who have always voted for it), we have a decision and it's time to get on and lift the blight to make Beeston a great place, again!

Labour and the Lib Dems together, introduced car park charges - it was a Conservative Broxtowe council that gave us free parking. The charges have meant a 20% drop in shoppers and chaos on residential roads like Elm Avenue and Dovecote Lane.

Labour and the Lib Dems still haven't signed up the developers to re build the Square which Labour promised to improve the last time they sought your vote. Meanwhile, we support financial assistance for businesses and subsidies for buses during the tram works.

We face a real opportunity to re build and improve Beeston, making it a thriving town to work, shop and live in.

YOUR PRIORITIES ARE OUR PRIORITIES

- 1 We believe in free car parking.**
- 2 Too many of our roads are a disgrace. After years of Labour neglect and two exceptional winters urgent action is needed. We will make sure Beeston gets its fair share of the extra £2.8 million given by the Government to fix pot holes in Notts.**
- 3 We support organisations like BID that bring shops and businesses together to promote Beeston.**
- 4 We will support the residents of Neville Sadler Court and other people affected by the tram works.**
- 5 None of our candidates are paid professional politicians. We will always put people before our party!**
